Topics may include FAFSA, college and/or scholarship applications, post-secondary options, and so forth. You can join the team during your lunch. You can access the group using the QR Join Code or link provided in the Senior Qs. Please take advantage of this as a great way to get college/scholarship help during this unusual time.
- From the Wellness Committee here at North: as you head home for the holidays, don't forget to drink lots of water. Water helps your body regulate body heat during these cold winter temperatures, gives your immune system a boost, and prevents getting sick during the cold and flu season. Drinking a minimum of 64 ounces of water a day also helps with your digestion, perfect for those sweet sugary Christmas cookies. So as you celebrate the winter break, relax with a cold glass of H2O."
