Forty students from Omaha North were able to attend the opening of the National Museum of African American History and Culture. This trip was possible because of a generous grant from the Omaha Community Foundation. Students were there for five days and were also able to visit the National Monuments, Smithsonian, United States Holocaust Memorial Museum, African American Civil War Museum, and took a college visit to Howard University. Students were also honored by laying a wreath at the Tomb of the Unknown Soldier at Arlington National Cemetery. Hopefully this will become a yearly senior trip, if funds are available.

Thank you Ms. Geiger for making this possible for our students! More great pictures on the next page.
What an amazing experience for these Vikings!

Meanwhile back at home, students hard at work in Mr. John Hankel’s Digital Electronics class soldering and assembling a couple of their projects
